WALTHERSTRAINLINE™

HIGH IRON MEETS HIGH QUALITY IN WALTHERSTRAINLINE SETS!

Chances are a traditional train set, with engine, cars, track, power pack and accessories, was your introduction to model railroading. Waltherstrainline takes it a step beyond, with sets that are ready to enjoy right out of the box with hobby-quality features for years of dependable fun.

It starts with our rugged and reliable diesel engine, equipped with directional headlight, all-wheel drive and electrical pick up, a sturdy motor, and a die-cast metal frame for pulling power. Colorful freight cars and matching caboose come fully assembled, and all equipment rolls on sturdy metal wheels, with body-mounted metal couplers to improve on-track performance.

Track Cleaning Boxcar
931-1484

Log Dump Car
931-1770

We've also taken the work out of setting up your layout with our Power-LOC™ snap-together track that can be used almost anywhere - even on carpet - without tools! This unique design eliminates those pesky metal rail joiners, using one-piece sections that just slide together. Nickel silver rail delivers outstanding electrical performance, while plastic dark brown ties and gray roadbed look like a real railroad right-of-way.

An easy to use speed and direction controller, and complete instructions round out each set.

Best of all, as part of the complete Waltherstrainline system, your set can grow at any time with more track - you can easily add turnouts and sidings or even a figure 8 with Power-LOC expansion sets - plus, cars, locomotives and more!

Model building is a fun and rewarding part of the hobby. A wide variety of easy-to-build plastic structure kits from Waltherstrainline and Life-Like are also available separately to add to your fun! Fully assembled buildings are another option if you'd like to quickly expand your railroad.

READY... SET... GROW WITH WALTHERS BUILD-A-WORLD

Imagine... getting started in the hobby with an expert model railroader taking you through each step of building a detailed scene.... That's exactly what a Build-A-World kit is like!

You'll learn how to lay and ballast track, build and paint models, even how to add realistic scenic details like trees, rocks and water, as you create a complete 1 x 2' (30.4 x 60.9cm) diorama. You'll be proud to show off your finished scene, and of the new skills you've learned as your model railroading journey continues!

Walters Build-A-World is a six-month program that takes you from start to finish to create your own detailed model railroad scene. Each program includes all the tools and supplies needed, and includes lavishly illustrated, step-by-step instructions in color. You'll also have access to exclusive online how-to videos that follow an expert modeler who'll guide you along the way.

Three different scenes are available now with FREE shipping. Learn more about this exciting new approach to getting started in the model railroad hobby by visiting walters.com/Build-A-World.

LET THE JOY CONTINUE

Your modeling wasn't just a hobby, it was a life-long passion. Don't let downsizing to a condo, apartment, assisted living or even limited mobility prevent you from continuing what you loved to do.

Build-A-World kits open your world once again to the joy of modeling either in the privacy of your own apartment, or as a group activity.

WALTHERSMAINLINE.

WELL DONE!

WalthersMainline® Thrall Rebuilt 40' Well Cars

Modernize your HO Scale intermodal fleet in minutes! As the 53' container quickly became the standard for domestic shipping, older well cars built to carry 48' boxes soon fell out of favor with railroads. Most were only a few years old, so starting in 2003 Thrall began a rebuilding program that shortened the wells to the standard 40' on both single and five-unit cars. Today they can be seen carrying 20' and 40' containers in the well, with 40' and 53' units on top. Fully assembled and ready for service, the models feature:

- Heavy die-cast metal frame for rugged reliability without sacrificing detail
- Proto Max™ Metal Knuckle Couplers
- Available in Single Car or 5-unit versions, sized for just about any layout
- Personalize with a wide variety of Walthers SceneMaster™ containers
